

Call for volunteers to translate the Call for Proposals to Digital Humanities Conferences

Every year the Committee is looking for members of the community who are prepared to take over the translation of the Call for Proposals.

In order to facilitate translation and future revisions the English version of the Call is being split up into paragraphs. These paragraphs are incorporated into an Excel-spreadsheet. This spreadsheet should be used for the translations into other languages:

* [calls_english.xls](#): Excel-spreadsheet with the English Version of the Call for Proposals (prototype)

* [call_English_2010.xls](#): Excel-spreadsheet with English Version of the Call for Proposals 2010 (prototype)
